Professional Guidance /

Please Visit My profile: [Faculty \(dituniversity.edu.in\)](http://dituniversity.edu.in) My weblink for info

I was **coordinator** for Entrepreneurship and Startup in School of Computing. I mentor all the BTech CSE 3rd Year students (500 approx).

Specifically, two sections of 70 students each has dedicatedly supervised and below are the **few links** of their work which was guided by me.

I was the **Coordinator** for BTech CSE 1st year and 2nd year. 1st year 550 students approx. and 2nd year 500 students approx. After admission, I have taken care of all the students for subjects to choose; as it is FFCBCS system, Addition in MS Teams, conduction of online classes, Time Table, etc. and also all the registrar office, exam office and academic office related issues has been resolved by me. Each of above word needs extreme work and dedication. Approx. 20 issues have been resolved on daily basis. A lot of data has been handled regarding academic, admin, exam, daily work.

Career Advancement /

I have also taught (BTech 3rd year) *Web Technology* subject for HTML, CSS, Java Script, Web2.0 and web3.0. and help and guide students for web designing and development. I also taught *IoT and its Security* to a PhD student. For BTech Interdisciplinary discipline student I taught *Business Intelligence* and guide them the use of computer science (AI, ML, Cloud, Cyber security, DBMS, Algo, Big data, Management in business).

The FFCBCS (Fully Flexible Choice Based Credit System) has been implemented First time in DIT University Dehradun. I was the coordinator for BTech CSE 1st and 2nd year students and worked hard to implemented FFCBCS system. Approx 600 new students has been totally coordinated by me for any kind of issue. From subject allocation to class, exam, etc. all things handled by me.

Course Specific Work /

I have created the syllabus, establish procedures and implemented the **Entrepreneurship and Startup** (ME381) as a subject in DIT University, Dehradun. I motivate BTCSE 3rd year students (500 approx.) to step forward for Startups. My students (Two Sections: 140 students) have made 30+ projects for Startups (preliminary),

(<https://webdesigning17.github.io/beloved/> many links are given above also). I

guide/mentor these students to apply practical approach to make mini prototype of each concept and try to implement them. Organized several events. Also done online training and presentation Sessions for students.

I am the **1st Innovation Ambassador** (for Entrepreneurship and Startup) by MoE Innovation Cell in Uttarakhand (2020). I have also done Advanced Level Innovation Ambassador Training (July 2021). Also, I was coordinator of BTech CSE 1st and 2nd Year students. and I Mentor more than 1000 students regarding their academic, class related, subject related, Registrar office, Exam office related issue.

Laboratory Specific /

I have organized events for students regarding Entrepreneurship and Startups. Most of my students have worked hard and show very good presentation/implementation of their concepts of Startups. I guided them in practical level. In year 2020 I taught EIGHT Subjects successfully in which SIX were new to me. Coordinator of 4 subjects. All assigned work has been done with full credibility.

Any other student list or any document required for proof can be asked to me by email. I have a lot of data which is not possible to incorporate in this short time and short Email.

I have done extreme work since last one and half year. But I have tried to incorporate more relevant things here. I can also add more work with proofs, but due to less time I am unable to collect and compile the work completely. If you require more proof, please reply me on E-mail.

Thanks, and Regards
